

Machine Distribution, Installation & Maintenance

About Us

Your Innovative Machine Partner

Driven by Value Creating Technology.

The Valtech Group is a global leader in machine building, powered by a network of independent companies.

With over 450 skilled and motivated employees, we deliver state-of-the-art solutions across various industries, turning expertise into innovative projects worldwide.

Your Local Gateway to Innovative Machinery

Connecting Innovation Locally

Valtech North America serves as the local distributor and service-provider for machinery developed by its sister companies within the Valtech Group.

From our New York branch, we offer fast response times, local market insights, and personalized support to meet Valtech Group's high standards.

End-to-End Installation & Maintenance

Your Complete Machinery Solutions

Valtech North America offers end-to-end support, from precision installations to tailored maintenance programs. Our experienced technicians provide:

- Site preparation, system integration, and performance testing for optimized setup.
- Routine inspections and preventive maintenance to enhance equipment longevity.
- Rapid, on-demand repairs through our local team, minimizing downtime and ensuring seamless operations.
